AI Essentials

Generative and Agentic AI

AI Governance

Oct 1, 2026

Kun Ming Goh

has successfully completed the online Specialization

AI Foundations for Business Professionals

This specialisation equips business leaders and professionals with a practical understanding of artificial intelligence, from foundational concepts to generative capabilities and governance best practices. You'll explore real-world AI applications, learn to critically assess opportunities and risks, and develop strategic insights to integrate AI into organisational workflows responsibly. Designed and taught by Oxford faculty, this series empowers you to harness AI effectively and ethically to drive sustainable business value.

Prof. M. Holweg

Matthias Holweg
American Standard
Companies Professor of
Operations
Management
Saïd Business School
University of Oxford

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
